Mrs Effa Manley
Dear Sport:

Last year we wrote to your club requesting a group photo of the 1941 Eagles which we never received, but received a letter from you saying it was on its way. I guess you must have been busy or it just slipped your mind. You see we have the only Hot Stove Semi Pro Club in this section and the photos we receive are put in frames and hung on the walls, these pictures mean a lot to the members of this little outfit and we were hoping you could oblige us with any old or new 1940-41-42 or any group photos you have no use for with the names on back for identification. Could you also give us the addresses of the Phila Stars, & Baltimore Elites & Grays please oblige and wishing the Newark Eagles all the Luck and Championship of the N.N.L.
